

MHG SST (60Hz)

Height: 29.1" Width: 9.4" Depth: 18.6"
(73.9cm) (23.9cm) (47.2cm)

- BUNN BrewWISE wireless functionality assures error free operation: Intelligent Smart Hoppers communicate the type of coffee being used to the grinder
- The MHG references the specific grind time for the coffee batch to be brewed, and communicates the coffee name and selected batch size to the Smart Funnel during the grinding process
- The BUNN BrewWISE brewer reads the information in the Smart Funnel, adjusts the recipe, and brews a perfect batch of coffee
- LCD alphanumeric display shows coffee names, programming parameters and diagnostics
- USB port for easy programming
- Easy-to-use front-loading bean hoppers allow quick access for coffee change-outs, bean replenishment, and cleaning
- Compatible with both BUNN BrewWISE and non-BrewWISE brewers, as well as other makes of batch brewers of up to 1.5 gallons capacity
- Optional hopper storage racks display your selection of whole bean coffees to promote your fresh ground coffee program: an optional lock for lids (sold separately) prevents tampering in self-service applications
- Precision grinding burrs for consistent, quality grind

*When a BUNN is machine rated 120/208-240V, 120/208V or 120/240V, the higher voltage is the supply voltage needed to power the machine. The 120V is there to supply power to some components rated 120V in the machine, but it is not the supply voltage and would not power the machine if the machine is marked with the before mentioned ratings.
