Short Side Non-Refrigerated Cold Pan Drop-in

The Vollrath Company, L.L.C.

SHORT SIDE NON-REFRIGERATED COLD PAN DROP-IN

Short Side Non-Refrigerated Cold Pan Drop-in

DESCRIPTION

The short side non-refrigerated cold pans are designed for top-mount installation.

A full-perimeter drip edge contains spills and condensation within the stainless steel countertop area of the drop-in.

High-density polyurethane foam insulation surrounds the exterior of the well to provide better temperature maintenance and hold ice longer.

The deep display well provides maximum capacity for ice, essential for optimum presentation and performance. The seamless well is designed for maximum capacity.
